PRESBYTERY HOME MISSIONS COVID-19 PANDEMIC UPDATE

The Westminster Confession of Faith teaches that *“As the providence of God doth, in general, reach all creatures; so, after a most special manner, it taketh care of his church, and disposeth all things to the good thereof.”* (Chapter 5, section 7) We can rest in the promise of God’s perfect providence even during the hardships of coronavirus which introduce new challenges for church planting. Mountain Top’s *Westminster Presbyterian Fellowship* is switching back from Zoom gatherings to in-person Bible studies in June, and we pray for God to use this time to give congregations a vision for local mission & church planting. Pray for God to bless our mission.

Christ Church Downingtown remains our one presbytery mission work at this time. Greg O’Brien continues to find ways to build relationships with neighbors in Downingtown and Exton while he shepherds the flock. Ginger O’Brien had a Bible study for unchurched women in the community meeting over the winter.
